Charlotta Weber is a patent specialist at Papula-Nevinpat.

Charlotta became involved in the field of patents in 2019, as she was employed by an English IP firm. Before that she had been working in the plastics industry as a process engineer.

Having wide experience in chemistry inventions in general, Charlotta's special expertise areas include polymers, pharmaceuticals, food technology and MedTech. She has worked with startups as well as established industrial companies.

At Papula-Nevinpat, Charlotta drafts and prosecutes patent applications and counsels our customers in patenting issues.

Technical fields

Biotechnology

Chemistry

Material science

Medical engineering

Process engineering

Core expertise

Biochemistry, Biofuels, Bioplastics, Chemical engineering, Imaging, Medical devices, Medical software, Microbiological processes, Pharmaceuticals, Polymer machining tools, Polymers
