 eurasian-patents@papula-nevinpat.com

Ignatev Alexey is a registered Russian patent attorney and a Eurasian Patent Attorney at Papula-Nevinpat. He is also the Head of the Mechanics and Telecommunications Department at Papula-Nevinpat's St. Petersburg office.

Before joining Papula-Nevinpat, Alexey worked as a R&D engineer and co-owner in a small start-up company in the field of optical measurements and automation for industrial applications.

Alexey started his intellectual property career in 2010 at Papula-Nevinpat as a patent specialist. His patent experience includes prosecuting patent applications in Russia and the Eurasian countries.

Technical fields

Energy technology
Measuring technology
Mechanical engineering
Mechanics
Optics

Core expertise

Analog electronics, Combustion, Diffractive optics, Digital electronics, Energy production, Fire prevention, Hydraulics, Light detectors, Machine automation, Manufacturing, Material handling systems, Medical devices, Medical electronics, Microelectronics, Optoelectronics, Packaging, Paper machines, Photonics, Power units, Sensors, Shipbuilding, Solar cells, Wearable electronics

Languages

Russian, English

Education

PhD (Econ), 2013, State Marine Technical University of Saint Petersburg, M.Sc. (Tech), 2009, St. Petersburg National Research University of Information Technologies, Mechanics and Optics
