Jorma Selin is a patent attorney in Papula-Nevinpat's Mechanics and Physics Team.

Jorma graduated with a Master of Science in Technology from Aalto University in 2015, majoring in micro- and nanotechnology. Before joining Papula-Nevinpat, he was a doctoral student at the Aalto University School of Electrical Engineering, focusing on the application of photonics and electrochemistry in the production of renewable energy.

### Technical fields

Chemistry  
Electronics  
Material science  
Measuring technology  
Mineral processing and metallurgy  
Nanotechnology  
Optics  
Physics  
Semiconductors

### Core expertise

Diffraction optics, Electrochemistry, Flotation, Light detectors, MEMS, Nanoelectronics, Nanostructures, Optoelectronics, Photonics, Sensors, Solar cells

### Languages

Finnish, English, Swedish

### Education

Master of Science in Technology, Aalto University, 2015
